

Fidelity Components Resistors

The MResist™ SUPREME series is specifically designed for high-end loudspeaker and amplifier applications. With their superior audio quality – certified also by discerning industrial customers who tested them out beforehand – these “acoustically no longer perceivable” resistors now match the premium quality standard which distinguishes our capacitors and conductors for many years already!

Type	D [mm]	L [mm]	Wire Ø * l [mm]	A [mm]	B [mm]	C [mm]
