Dante Ceiling Speaker — EAGLE XDP6

1. Built-in amplifier module, digital signal processing.

2. Support for POE power and Dante transmission, single channel, 60W@4 ohms.

3. PoE module with Dante™ network protocol, 24-bit high quality audio (44.1K/48KHz) and control signals can be sent via Dante™ and controlled via Dante™Controller.

★4. The module has an integrated DSP containing gain control, mute control, level, temperature display, 5-band equalizer control and limit control functions.

5. All functions can be controlled by the Dante-Controller from a PC or Mac.

6. 6.5" bass + 1" tweeter driver.

7. White front magnetic wire mesh for easy removal and installation.

8. ABS plastic cabinet with back cover to protect the speakers from external damage and increase the sound quality.

9. 4 Ceiling mounting clip lock.

Coverage Angle	100° circular vertebrae coverage	Frequency Range (-3DB)	80HZ-20KHZ
Sensitivity(DB)	90	Rated Power	60W
Impedance	4Ω	Size	Ø256mm,thickness 210mm
Opening Size	Ø225mm	Weight	3.5Kg
Maximum Sound Pressure Level			105
