

EFFECT SPECIFICATION

Dear Friends,

We proudly introduce our new boutique line of products, the Taurus Silver Line of bass pedal effects, which shares all Taurus's DNA and is designed to satisfy even the most demanding musicians. Our Silver Line includes four heavy duty stomp boxes labeled Abigar (Multi-Drive), Zebu, (Reverb-Delay), Vechoor (Multi Chorus-Flanger) and Tux (Compressor-Limiter). Individually engineered with the specific objective of giving you unprecedented control over the sound. It has been said that "Passion drives you to fulfill your dreams". Our founder, head of the corporate research and development, sound and electronic engineer and most of all musician, is spreading his passion and dedication on all of us. Box Electronics, makers of Taurus is fulfilling its dreams and wants to give you the tools to fulfill yours. Our passion supported by the latest technology, best electronic components, hand crafted manufacturing and quality control process guarantees superior quality and complete satisfaction. For the past 27 years, our philosophy remains to provide you with the upmost professional service and the best musical gear. Try our Taurus products, you won't be disappointed. We welcome you to our web site which has received a major face lift and has been extended to include more in depth technical product information, links to users, applications, silver line reviews, testimonials and much more.

The VECHOOR Black Line series produced under the Taurus brand will make your instrument's thickest strings reach unprecedented richness in sound quality. In keeping with the mighty powerful Taurus legacy, your guitar in tandem with VECHOOR will create the fullest pallet of colourful choruses, ranging from sweet, restful to ferocious powerful sound. The unique and unusual polyphonic sound of the VECHOOR is achieved by mixing simultaneous triple sound layers into one thick, fat, chunky sound. You will be simply amazed by the range of colours, harmony and multi-voice spectrums created by the Chorus and Enhancer effects when linked to your guitar.

Features:

1. INPUT - mono 1/4" (jack)
2. OUTPUT - stereo/mono 1/4" (jack)

3. POWER SUPPLY - External 12V/100mA
- Internal voltage converter (12V to 24V) for greater dynamic range

Warning ! Only the power supply included with the effect must be used.

4. LED - power indicator
5. DEPTH - depth modulation
6. SPEED - speed modulation
7. DETUNE - detune modulation
8. ENHANCER - level of extended polyphony in low frequency range
(ENHANCER is modify only by DETUNE potentiometer)
9. FOOT SWITCH - true-bypass when on the "Off "position in mono mode
- active bypass when in stereo mode (when the splitter is used)

Warning! The effect is turned off only when the power supply is unplugged.

Thank you for your trust and for choosing Taurus VECHOOR
